2.96.010 Purpose. The purpose of this chapter is to enhance the public welfare by ensuring that the housing needs of the County are addressed. The council finds that there is a critical shortage of affordable housing, making home acquisition by the majority of County resident workers extremely difficult, and creating a shortage of affordable rental units. The resident workforce is leaving the County in search of affordable housing, and new employees are being deterred

by the high cost of living. To maintain a sufficient resident workforce in all fields of employment, and to ensure the public safety and general welfare of the residents of the County, resident workforce housing needs must be addressed. It is the intent of this chapter to encourage the provision and maintenance of residential workforce housing units, for both purchase and rental, to meet the needs of income-qualified households for the workforce, students, and special housing target groups.

C. Adjustment.

1. A developer of any development subject to this chapter may appeal to the council for a reduction, adjustment, or waiver of the requirements based upon the absence of any reasonable relationship or nexus between the impact of the development and the number of residential workforce housing units or in-lieu fees/land required;

2. Any such appeal shall be made in writing and filed with the county clerk prior to final subdivision approval or issuance of a building permit for the development, whichever is applicable. Any such appeal shall administratively stay the processing of the development's subdivision or building permit, whichever is applicable, until a decision on the appeal is rendered. The appeal shall set forth in detail the factual and legal basis for the claim of reduction, adjustment, or waiver, and the developer shall bear the burden of presenting substantial evidence to support the appeal, including comparable and relevant technical information;

3. The council shall approve or disapprove the appeal by resolution within ninety days from the date the developer has concluded its presentation of evidence supporting the appeal. 4. If a reduction, adjustment, or waiver is granted by the council, any substantive change or modification in use within the development, as determined by the director, shall invalidate the reduction, adjustment, or waiver previously granted.

2.96.040 Residential workforce housing requirements. A. Prior to final subdivision approval or issuance of a building permit for a development subject to this chapter, the department shall require the developer to enter into a residential workforce housing agreement that requires the following:

1. When more than fifty percent of the dwelling units and/or new lots in the development are offered for sale for less than \$600,000, forty percent of the total number of units and/or lots shall be sold or rented to residents within the income-qualified groups established by this ordinance;

3. When three or more new lodging, dwelling, or time share units in a hotel are created; there is a conversion of one or more hotel units to dwelling units or time share units; any hotel redevelopment or renovation project increases the number of lodging or dwelling units in the hotel; or five or more new dwelling units for rental purposes are created, forty percent of the total number of units shall be sold or rented to residents within the income-qualified groups established by this ordinance.

B. The requirement may be satisfied by one or a combination of the following, which shall be determined by the director and stated in the residential workforce housing agreement:

1. Offer for sale, single-family dwelling units, two-family dwelling units, or multi-family dwelling units as residential workforce housing within the community plan area;

2. Offer for rent, multi-family dwelling units within the community plan area. A developer may partner with a non-profit organization or community land trust on a specific affordable project to either construct new multi-family dwelling units or renovate existing non-habitable multi-family dwelling units, paying an amount that represents the difference in unit costs for a family of four at one hundred percent and one hundred forty percent of median income pursuant to HUD affordable sales price guidelines as adjusted by the department by wait list area. The developer's requirement shall be deemed satisfied upon receipt of payment. Moneys shall be deposited into the affordable housing fund;

3. In lieu of directly selling or renting units pursuant to sections 2.96.040(B)(1) or (B)(2), the developer may convey such units to a qualified housing provider subject to department approval pursuant to section 2.96.150; or

4. In lieu of providing residential workforce housing units, the residential workforce housing requirement may be satisfied by payment of a fee, by providing improved land, or by providing unimproved land. Any fee must be approved by council resolution. Any donation of land must be approved by the council pursuant to chapter 3.44.015 of this code.

a. The in-lieu fee per unit shall be equal to thirty percent of the average projected sales price of the market rate dwelling units and/or new lots in the development. The in-lieu fee shall be designated in the residential workforce housing agreement, and be secured by a lien on market rate dwelling units if not paid before the dwelling units are constructed. The in-lieu fee shall accrue to the affordable housing fund, which shall be established in the County budget for the purpose of enhancing and supporting housing needs and programs of income-qualified households and special housing target groups; and

b. The value of the improved land shall not be less than the in-lieu fee that would otherwise have been required under this chapter. The value of the unimproved land shall be at least equal to twice the value of the improved land. The in-lieu land shall be used to address the housing needs of income-qualified households and special housing target groups. Such land shall have a minimum lot size of six thousand square feet or the minimum lot size allowed by the applicable zoning, whichever is greater. Such land must be acceptable to the department and may be used by the County or others approved by the County to develop residential workforce housing, resource centers for the homeless, day care centers for seniors, or other public use projects that address the housing needs of income-qualified households and special housing target groups.

2.96.050 Residential workforce housing credits. A. Credits may be given under the following circumstances:

B. The credit must be used in the same community plan area in which the unit was constructed.

C. The credit must be applied toward the same type of unit constructed.

1. Residential workforce housing units shall be made available for occupancy either before or concurrently with market rate units at the same ratio required of the development; and

2. The unit must remain affordable for twenty-five years from the initial sale, with the owner notifying the department upon a decision to sell; and
3. Under special circumstances an owner of a residential workforce housing unit may appeal to the department for a waiver of the owner-occupancy deed restriction; these circumstances would include, but are not limited to, assignment to active duty military or short-term contracts for off-island employment.

E. Sales price – single-family dwelling units. The sales price of a new single-family dwelling unit shall be set by the department, at the time the developer is ready to market the unit, using the following guidelines:

1. A down payment of five percent shall be assumed;

3. The price of a one-bedroom unit shall be based upon seventy percent of the median income of the wait list area, adjusted to the respective target income group;

4. The price of a two-bedroom unit shall be based upon eighty-five percent of the median income of the wait list area, adjusted to the respective target income group;

5. The price of a three-bedroom unit shall be based upon one hundred percent of the median income of the wait list area, adjusted to the respective target income group;

6. The price of a four-bedroom unit shall be based upon one hundred fifteen percent of the median income of the wait list area, adjusted to the respective target income group; and

7. Applicants in each income group shall be assumed to pay no more than thirty percent of the gross annual income of the highest percentage in the applicant's group.

F. Sales price – two-family or multi-family dwelling units. The sales price of a new two-family or multi-family dwelling unit shall be ninety percent of the price of a single-family dwelling unit, as established in section 2.96.060(E).

G. Resale price. The maximum resale price shall be established by the department using the following guidelines:

1. An appraisal of the property shall be required before occupancy;

2. A second appraisal shall be required upon a decision to sell the unit; and

3. Twenty-five percent of the difference between the two appraisals shall be added to the owner's purchase price.

H. Foreclosures.

1. The County shall have the first option to purchase the unit; and

2. If the County does not exercise its right to purchase, the units may be offered at an affordable price, set by the director, with the same deed restrictions.

2.96.070 Residential workforce housing restrictions – rental units. A. Rental units shall be subject to this chapter for the life of the unit, as determined by a building inspector with the development services administration of the department of public works and environmental management.

1. One third of the rental units shall be for “very low income” and “low income” residents;

2. One third of the rental units shall be for “below-moderate income” residents; and

1. Except when the developer is partnering with a non-profit organization or community land trust as allowed in section 2.96.040(B)(2), residential workforce housing units shall be made available for occupancy either prior to or concurrently with market rate units at the same ratio required of the development. Certificates of occupancy shall not be issued and/or final inspections shall not be passed for the market rate units unless certificates of occupancy are issued and/or final inspections are passed for the residential workforce housing units concurrently or sooner; and

2. When the developer is partnering with a non-profit organization or community land trust, the payment to the non-profit organization or community land trust must be made prior to final subdivision approval or issuance of a building permit for the market rate units. The residential workforce housing units must be constructed within three years of the date the certificates of occupancy are issued and/or the final inspections are passed for the market rate units.

D. Vacancies. Any rental unit vacancy must be filled by an applicant in the appropriate income group to better maintain an equal distribution of rentals across the "very low income" and "low income", "below-moderate income", and "moderate income" groups.

2.96.080 Residential workforce housing agreement. A. Before final subdivision approval or issuance of a building permit, the developer shall enter into a residential workforce housing agreement that sets forth the detailed terms and conditions of compliance with the residential workforce housing policy, including but not limited to:

B. The residential workforce housing agreement shall be recorded with the bureau of conveyances of the State of Hawaii or the land court of the State as the case may be, so that the terms and conditions of the agreement run with the land and bind and constitute notice to all subsequent grantees, assignees, mortgagees, lienors, and any other persons who claim an interest in such property. The agreement shall be enforceable by the County by appropriate action at law or suit in equity, against the developer, its successors, and assignees.

2.96.090 Applicant selection process – ownership units. A. Wait list procedure.

The public shall also be informed in a like manner, of any decision that would substantially affect the maintenance and use of the wait list; and
3. Selection for purchase shall be made by a lottery administered by the developer, its partner, or its management company and overseen by the department, subject to the applicant meeting the eligibility criteria established in section 2.96.090(B).

3. Have a gross annual family income (not to include the income of minors) which does not exceed one hundred sixty percent of the County's area median income as established by HUD, or as adjusted by the department, for Hana, Lanai, and Molokai. Initial determination for compliance with the maximum gross annual family income provision shall be made by the developer, its partner, or its management company for the initial sale of residential workforce housing units, on the basis of the information provided on the ownership application. The ownership application will be completed when a specific unit is being considered. Final determination for compliance with the maximum gross annual

family income provision shall be made by the prospective lender at the time the applicant's income verification data is received;

4. Have assets that do not exceed one hundred sixty percent of the County's area median income as established by HUD, or as adjusted by the department, for Hana, Lanai, and Molokai. Assets shall include all cash, securities, stocks, bonds and real property. Real property shall be valued at fair market value less liabilities on such real property;

5. For a period of three years before the submittal of the ownership application, have not had an interest of fifty percent or more in real property in fee or leasehold in the United States, where the unit or land is deemed suitable for dwelling purposes, unless the applicant is selling an affordable unit and purchasing a different affordable unit that is more appropriate for the applicant's family size; and

6. Pre-qualify for a loan with the applicant's choice of lender.

C. Notification of change. Each applicant shall be responsible for notifying the developer, its partner, or its management company in writing of any changes in mailing address, telephone number, fax number, and/or e-mail address. If an applicant fails to properly notify the developer, its partner, or its management company of such changes and the developer, its partner, or its management company is unable to contact the applicant, the developer, its partner, or its management company shall remove the applicant's name from the wait list.

D. Selection priority.

1. Residents on the wait list shall receive first priority for the available units. Non-residents on the wait list may purchase a residential workforce housing unit once the wait list has been exhausted of all residents;

2. The developer, its partner, or its management company may do a mass mailing of housing applications to applicants on the wait list;

3. Non-residents will be offered residential workforce housing units in the order in which their names were drawn in the lottery; and

4. In the event that units are not sold within the first ninety days after they are offered for sale, and the developer has made a good faith effort, as determined by the director, to contact and qualify applicants on the wait list, the sale of remaining units shall be conducted as follows:

a. For the next ninety-day period, units shall be offered for sale to the next-higher income preference group, at the original sales price. For example, units targeted for families earning up to one hundred twenty percent of the median income may be sold to families earning up to one hundred forty percent of the median income. All other eligibility criteria shall apply;

b. Units shall be offered to the next higher income group every ninety days until the units are sold or there are no more income groups available;

c. Units shall then be offered to non-residents on the wait list in the order in which their names were drawn in the lottery, for the next ninety-day period, provided that the applicant's income is within the residential workforce housing income groups; and

d. Any units that remain unsold may be offered at market rate without deed restrictions. Upon the sale of the unit, the County shall receive fifty percent of the difference between the original sales price of the unit and the actual market rate sales price, for deposit into the affordable housing fund. In this event, the developer shall still be deemed to have satisfied the requirement for producing a residential workforce housing unit.

5. The developer shall submit copies of the following information to the department to verify the sale of residential workforce housing units to eligible buyers:

- a. Applicant's completed ownership application;
- b. Executed sales contract;
- c. Pre-qualification notice from lender;
- d. All signed federal and state tax returns used to determine eligibility, or any other documents used to determine eligibility by the lender; and

3. The residential workforce housing units shall be offered to residents in the order in which their names were drawn in the lottery, provided that there is a unit available in the income group for which they qualify. 6. Any rental unit vacancy shall be filled by an applicant in the same income group as the original tenant to maintain an equal distribution of rentals across the "very low income" and "low income", "below-moderate income", and "moderate income" groups;

7. The developer, its partner, or its management company shall follow the procedure in section 2.96.100(D)(4) if they cannot rent the unit at the appropriate income group; and

8. An owner of a residential workforce housing rental development that is being re-sold shall notify the department of the owner's intent to sell and provide documentation that the new owner knows of the deed restrictions.

SECTION 3. Chapter 2.94, Maui County Code, is repealed.

SECTION 4. Section 2.86.610, Maui County Code, is repealed.

[“**2.86.610 Qualifications for affordable housing program.** A. Any housing unit may qualify as affordable housing for an affordable housing project as defined in section 2.86.140.

B. Any affordable housing project approved by the county council for change in zoning pursuant to title 19 of this code shall comply with the following requirements:

1. An application for a development which includes an affordable housing project shall comply with the applicable development requirements of title 19 of this code, chapters 205 and 205A of Hawaii Revised Statutes, the rules and regulations of the appropriate planning commission, and any other applicable federal, state, or county laws.

2. The area median income for the affordable housing project shall be set by the director upon final subdivision approval for lot sales and upon the issuance of building permit(s) for affordable unit sales.

3. In calculating the fifty percent requirement specified herein, where the development is a subdivision with single-family residential housing units to be sold or rented as affordable housing, not more than one dwelling unit per lot shall be considered as affordable housing.

4. Any development application which includes affordable housing shall include a sworn statement setting forth:

a. A description of the affordable housing project intended to be built on the subject property;

b. A statement of the number of dwelling units intended to be built on the subject property; and

c. A statement of the percentage of dwelling units, out of the total number of dwelling units intended to be built on the subject property, which are intended to be marketed as affordable housing by the applicant at price ranges which are affordable to each of the income groups identified in the definition of affordable housing.

5. The developer will submit copies of the following information to the county to verify the sale of affordable units to eligible buyers: (1) completed application form; (2) executed sales contract; (3) pre-qualification notice from lender; (4) signed, federal and State of Hawaii tax returns.

In the event all units or lots are not sold after the first ninety calendar days of the approved sales program, based on the initial date of the approved sales advertisement, and provided the developer has made a sincere and earnest effort to widely advertise and publicize the availability of the affordable units or lots, the sale of remaining units or lots shall be conducted in accordance with the following procedure:

a. For the second ninety calendar day period, affordable units or lots shall be offered for sale at the same price range to families in the next-higher income preference groups. For example, units or lots targeted for families earning up to eighty percent of the area median income may be sold, on a preferential basis, to families earning from eighty percent to one hundred twenty percent of median and then to families earning from one

hundred twenty to one hundred forty percent of median. Units or lots targeted for families earning eighty percent to one hundred twenty percent of median shall be offered for sale to families earning from one hundred twenty to one hundred forty of median. Units or lots targeted for families earning from one hundred twenty to one hundred forty percent of the median may be offered for sale to families earning from one hundred forty to one hundred eighty percent of median. Sales prices on these units or lots may be increased to price levels affordable to families earning from one hundred forty to one hundred eighty percent of the area median income.

b. For a subsequent thirty calendar day period, affordable units or lots shall be offered for sale to families earning up to one hundred eighty percent of the area median income. Sales prices on these units or lots may be increased up to price levels affordable to families earning up to one hundred eighty percent of the area median. All other eligibility criteria shall apply.

c. For a subsequent forty-five calendar day period, affordable units or lots shall be offered for sale at the price ranges specified in the paragraph above to the county. This time requirement may be waived by the county.

d. If the county does not exercise the right to purchase, the units or lots may be offered for sale without regard to (1) income, (2) ownership of other residential real estate, (3) Owner occupancy, and (4) price range. In this event, the developer will still receive credit for producing an affordable unit or lot.

6. The following restrictions shall apply to the transfer of a dwelling unit or lot purchased from the applicant or the applicant's grantee, assignee, mortgagee, lienor, or any other person who claims an interest in such property, as an affordable housing unit, whether on fee simple or leasehold property:

a. That for a period of five years after the purchase by a purchaser qualifying at one hundred percent or below the area median income, for a period of three years for a purchaser qualifying at between one hundred one percent and one hundred twenty percent of the area median income, or one year after the date of purchase by a purchaser qualifying at one hundred twenty-one percent or greater than the area median income, whether by lease, assignment of lease, deed, or agreement of sale, if the purchaser wishes to transfer title to the dwelling unit and the property or the lease, the county shall have the first option to purchase the lot, or the unit and property or lease. If the unit and property or lease is purchased, the price shall not exceed the sum of:

i. The original cost to the purchaser;

ii. The cost of the improvements added by the purchaser; and

iii. Simple interest on the cash equity in the property at the rate of seven percent a year. "Cash equity" means the actual amount of payments of principal which the owner has made for the purpose of purchasing or improving a dwelling unit. It includes the cash down payment made, payments of principal for improvements which add value to the dwelling unit, and payments of principal on mortgage loans incurred to purchase the dwelling unit. "Cash equity" does not include points, appraisal fees, loan servicing fees, and other financing costs. In no case shall the term "cash equity" mean the appreciated value of the dwelling unit caused by market fluctuation. The county may purchase the unit either outright, free and clear of all liens and encumbrances, or by transfer subject to an existing mortgage.

However, if the lot only was purchased and the purchaser provided his labor to construct the dwelling unit, the price shall not exceed the sum of:

i. The fair market value of the dwelling provided by appraisal for the purposes of qualifying for the first mortgage or by appraisal obtained by the county plus the original purchase price of the land, which sum shall be the original purchase price;

ii. The cost of improvements to the dwelling unit added by the owner after the original purchase; and

iii. Simple interest at the rate of one percent per year on the purchaser's original cost and capital improvements.

If by outright purchase, the county shall insure that all existing mortgages, liens, and encumbrances are satisfactorily paid by the purchaser.

In any purchase by transfer subject to an existing mortgage, the county shall agree to assume and to pay the balance on any first mortgage created for the purpose of enabling the purchaser to obtain funds for the purchase of the unit and any other mortgages which were created with the approval and consent of the county. In such cases, the amount to be paid to the purchaser by the county shall be the difference between the above-mentioned price and the principal balance of all mortgages outstanding and assumed at the time of transfer of title to the county.

With the exception of a first mortgage created for the purpose of enabling the purchaser to obtain funds for the purchase of a dwelling unit from the applicant, the

1

purchaser shall not place or cause to be placed on the purchaser's dwelling unit, any second mortgage or other encumbrance without the prior written approval of the mayor. This restriction shall apply for as long as the county retains the option to purchase the dwelling unit pursuant to the requirements of this chapter and pursuant to the conditional zoning requirements placed upon the project;

b. That during the five, three, or one year period referred to in this section, the dwelling unit shall be occupied by the purchaser at all times. Violation of this subsection shall be sufficient reason for the county to purchase the dwelling unit as provided in the applicable provisions of this chapter;

c. That after the end of the fifth, third or first year from the date of purchase, or execution of an agreement of sale, the purchaser may sell the unit and sell or assign the property to any person free from any price restrictions.

7. The requirements for affordable housing projects set forth in this chapter shall be included in each unilateral agreement executed pursuant to chapter 19.510 of this code. Additionally, whether or not this unilateral agreement is required, the applicant shall enter into an agreement with the county, that shall bind the applicant, and all successors in interest, to build the project as an affordable housing project. No subdivision or building permit, if a subdivision is not required, shall be approved until such agreement, properly executed, has been recorded with the bureau of conveyances of the state or the land court of the state, as the case may be, and filed with the department and the office of the county clerk so that the requirements imposed pursuant to such agreement shall run with the land and shall bind and constitute notice to all subsequent grantees, assignees, mortgagees, lienors, and any other person who claims an interest in such property.

8. The director of public works shall coordinate the submittal and review of all applications for the development of affordable housing projects, including, but not limited to, zoning, subdivision, construction of improvements and building and site development. The director of public works shall not be responsible to facilitate the review process, and may establish time limitations and procedures for review not inconsistent with the provisions of this chapter.

9. There shall be an affordable housing review committee. The committee shall consist of the managing director, director of human concerns, director of planning, director of public works, director of water supply, fire chief, and any other representatives of county, state, or federal agencies as designated from time to time by the director of public works. The committee shall be responsible for carrying out the duties identified in this chapter, as well as other duties which may be assigned by the director of public works.

10. The applicant (or duly authorized agent) for an affordable housing development shall file an application in accordance with the following procedures:

a. Preliminary Subdivision Approval.

i. Application for preliminary subdivision approval shall be filed with the director of public works, and include the following information:

(A) A site plan showing vehicular traffic circulation and utility service systems,

(E) Filing fee, in accordance with the Maui County Code, and

(F) Other information, as may be required by the director of public works;

ii. The director of public of public works shall review the application and determine whether it is complete. Within seven calendar days from the date of receipt of the application, the director of public works shall refer the application to the committee and other appropriate government agencies for review and comment; or if the application is incomplete, shall return it to the applicant and specify the additional information required;

iii. Within fifteen calendar days from the receipt of a complete application, the committee shall forward the application, together with its recommendation for approval, approval with conditions, or disapproval, to the director of public works. Included in the recommendation shall be a determination by the director of human concerns stating whether the proposed project meets the affordable housing standards as set forth by either the Housing and Urban Development Agency of the United States or as set forth in the Maui County Code;

iv. Within ten calendar days from the receipt of the application from the committee, the director of public works shall approve, approve with conditions, or disapprove the application for preliminary subdivision approval;

v. Unless otherwise specifically provided for by law, the general provisions of title 18 of this code relating to subdivisions shall apply, consistent with the time requirements provided herein.

b. Construction Plan Approval. Any application for approval of construction plans in conjunction with a subdivision

having received preliminary approval as provided for in subsection (B)(10)(a) of this section shall be submitted to the coordinator in accordance with this chapter.

c. Final Subdivision Approval. All applications for final subdivision approval shall be submitted to the director of public works for review and processing. The director of public works shall approve or disapprove the request for final subdivision approval within ten calendar days from the receipt of the application.

11. The applicant for all building and/or improvement permits for an affordable housing development, desiring to construct any improvements, or to build, replace, enlarge, or modify new or existing structures, where such construction, building, replacement, enlargement, or modification requires a building, plumbing, electrical, or any other type of a permit or approval, shall file an application for such permit or approval with the director of public works.

a. Application Requirement. The application shall contain the following information:

i. A final subdivision plat map, if applicable;

ii. A specific development plan, which incorporates applicable design guidelines and also includes, where applicable and required by the director of public works, the following information:

(A) A detailed drainage, grading, and soil erosion report and plans,

(B) Landscape planting plan,

(C) Signage plan,

(D) Building plans and specification,

(E) Solid and liquid waste disposal plan,

and

(F) Other pertinent information necessary for permit approval;

iii. If required, permit fees in accordance with this code.

b. Procedure.

i. The director of public works shall review the application and determine whether it is complete. Within seven calendar days from the date of receipt of the application, the director of public works shall refer the application to the committee and, if appropriate, other government agencies for review and comment, or if the application is incomplete, shall return it to the applicant and specify the additional information required.

ii. Within fifteen calendar days from the receipt of a complete application, the committee shall forward the application, together with its recommendation and the

comments of other appropriate government agencies, to the director of public works.

iii. Within ten calendar days from the receipt of the application, the director of public works shall approve, approve with conditions, or disapprove the application for building or site improvement permit.

12. An applicant for a project which qualifies as an affordable housing project shall receive credit, based on housing finance development corporation guidelines effective July 1, 1992 or as subsequently amended, which guidelines are expressly incorporated in this section by this reference. However, the credit in the guidelines given for multifamily units with no bedrooms and one bathroom and with one bedroom and one bathroom shall remain at one credit, even after the guidelines reduce the credit to 0.74 and 0.88, respectively, as of January 1, 1994. In addition, the three enhancement options contained in the guidelines, which will expire on December 31, 1994, shall remain in full force and effect as to the county unless the same are changed by ordinance. Additionally, affordable lots shall receive one credit for each lot up to a maximum of twenty percent of an applicant's total number of affordable units and lots included in the affordable housing project. Any affordable lot beyond this twenty percent maximum shall receive two-thirds of one credit for each lot. The credits set forth in this paragraph shall be based on the guidelines in effect on the date the application is deemed complete by the director of public works, for lots or units so qualifying as affordable, if the director of public works determines that the lots or units comply with the following requirements:

a. The lots or units shall comply with the requirements of this chapter;

b. The available credit applicable shall be for the lots or units within the relevant community plan district;

c. The credit may be transferable subject to the written approval by the county, which approval shall not be unreasonably withheld, or be apportioned among members of a joint venture (applicant) by an agreement filed with the director of public works at the time the application for the affordable housing project is filed;

d. Affordable housing requirements may be permitted to be satisfied in other project districts as provided by the council on a case-by-case basis;

e. If an applicant requests a credit for units or lots to be outside the relevant community plan region or requests affordable housing credit(s) for public service projects, the applicant should petition the county council for such request. The council must approve such request by ordinance, and the applicant shall execute and record a unilateral agreement in favor of the county and shall provide adequate security to assure that the

approved lots, units, improvements, or facilities shall be constructed. The applicant shall receive credit(s) if approved by the council; such credits shall be identified in the referenced unilateral agreement; and

f. The credits shall be recorded by the director of public works and shall be available to satisfy existing and future affordable housing development obligation.”]
